

Used by educators in
all 50 states!

Makey Makey™

Perfect for STEM Ed!

Makey Makey is an invention kit for the 21st century. Turn everyday objects into touch pads and combine them with the internet. It's a simple invention kit for Beginners and Experts doing art, engineering, and everything in between. Build a high-five photo-booth, or a slippery banana peel DDR pad, semi-digital board game, or an interactive maze for your pencil or hamster! Invent it all with your computer, some alligator clips, and a Makey Makey.

Winner of multiple awards and featured in TED talks, the Makey Makey is a breakthrough learning tool used by educators to teach Invention Literacy, Making, and Design Thinking.

- ▶ Used by educators in K-12 classrooms, media specialists, coding teachers, and after school STEM education enrichment programs offered by the YMCA, Boys & Girls Clubs, Girl Scouts, and 4-H
- ▶ Access to free STEM lesson plan library
- ▶ Join our thriving online educator community
