Be **READY** to make a difference in a young person's life.

Evolving from our full body KERi™ manikin, DANi is an advanced training solution designed to support training on the fundamentals of nursing and EMS procedures for issues relating to drug abuse, sexual assault, mental health, or self-harm.

DANi accurately reproduces scenarios and challenging dynamics for learners to administer critical care for this important patient demographic.

A realistic, hands-on learning experience ideally suited for classroom, in-situ, or hospital instruction.

Each version is affordable and durable with upgradable items.

Adult Advanced Patient Care Trainer

General patient care, patient positioning, bandaging and wound dressing, oxygen administration, injection site and sexual assault, drug use and self-harm identification.

Adult Advanced Patient Skills Trainer

Respiratory support, injection/IV with IM pads, intubation, CPR with quality performance metrics, non-invasive blood pressure, enema administration (female), catheterization, vaginal, pelvic and prostate examinations.

Adult Advanced Patient Simulator

Comprehensive and complete simulation platform including patient monitoring capability and auscultation (heart and lung sounds).

DANi Teen & Young Adult Advanced Training Solution

Accurate physical assessments (body map) for signs of physical trauma are essential for legal purposes. DANi allows learners to practice some forensic evidence gathering from blood, semen samples, and more.

Trauma Simulation¹⁻³

- Physical assessment
- Airway, breathing, circulation
- Body trauma scan
- Wound care
- Self-harm/drug use moulage
- Asymmetric pupils

Realistic Features¹⁻³

- Pupils
- Airway
- Acne
- Smooth skin
- Tattoo sleeve
- Piercings & earrings
- Dyed and black wigs
- Foot wounds

Female & Male Genitalia Inserts¹⁻³

Includes female sexual assault genitalia insert

Patient Positioning¹⁻³

Superior range of motion, seating, laying, finger and toe manipulation

Nursing Care¹⁻³

Grooming, daily living assistance, eye/ear/hair care, catheter, injection, oxygen, blood pressure, pericare, ostomy care, urinary catheter care, oxygen administration

Respiratory Support^{2,3}

Manual ventilation with chest rise, respiratory support, intubation, ventilation, tracheostomy care & suctioning

Auscultation³

- 6 anterior heart sites with 12 heart conditions
- 5 anterior, 6 upper posterior, 4 lower posterior, 2 midaxillary lung sites with 12 lung conditions

Basic Life Support (BLS) & Advanced Cardiac Life Support (ACLS)^{2,3}

CPR with quality performance metrics, carotid pulse, intubation

Advanced Skills^{2,3}

Gastrostomy, nasogastric procedures, airway/trach suctioning, enema, pap smear, pelvic exam, intravenous injections

SKILLQUBE® Patient Vital Signs & Monitoring³

- Patient Monitor/Defibrillator
- Instructor controlled scenario editor with library
- Auscultation, glucometer, thermometer, checklists, operating procedures
- Realistic laboratory values
- Optional CPR feedback with real-time evaluation (add-on)
